# Key Features of Romania's Credit Profile

## Overview

## Strong Economic Growth

## Sustainable Fiscal Policy

## Prudent Public Debt Management

## EU Funds Absorption

### Strong Macroeconomic Framework

- Romania had one of the highest growth rates in the EU during the last decade: the annual average GDP growth since the EU accession (2007) was 3% and during 2013–2017 accelerated to 4.5%
- After joining the EU, real convergence, expressed in GDP per capita in PPS, significantly improved from 39%<sup>(1)</sup> in 2006 to 63% in 2017 of EU average.
- In 2017 real GDP growth was 7.0% driven by:
  - On the demand side: final consumption (+8.6% YoY), gross fixed capital formation (+3.5% YoY);
  - On the supply side the GVA<sup>(2)</sup> growth of agriculture (14.6% YoY), industry (8.3% YoY) and services (6.9% YoY).
- In the first 9 months of 2018, GDP increased by 4.2% compared to the corresponding period of the previous year, placing Romania among the EU member states with the highest growth rate.
- The forecasted GDP growth for 2018 is 4.5% and 5.5% for 2019.

### Well Capitalized and Liquid Banking Sector

- NPL ratio<sup>(3)</sup> showed a sustained downward trend (from 9.6% at end 2016 to 6.4% at end 2017 and 5.6% in September 2018 – prudential data).
- No public funds used to bail out local banks.
- Very well capitalized banking sector, with an average total capital (solvency) ratio of 17.8% as of September 2018.
- Stable exchange rate.

### Improving Financial Sector

- FDI increased by 30.5% in 2016, by 6.2% in 2017 and by 9.7% in the first 10 months of 2018<sup>(4)</sup>.
- Constant decrease of foreign currency denominated deposits and loans.

### Low Public Debt

- Public Debt to GDP ratio of 35.2%<sup>(5)</sup> at end of November 2018, same as 35.2% at the end of 2017 (Eurostat, ESA methodology).
- Prudent debt management policy.

(1) Source: Eurostat; (2) Gross Value Added; (3) Under the EBA Methodology. The same observation applies to data under the national methodology; (4) Source: National Bank of Romania: <http://www.bnr.ro/Direct-investment--directional-principle-12352.aspx>; (5) According to EU methodology the debt to GDP ratio was calculated taking into consideration the sum of the GDP for the last four quarters (NIS press release December 2018).

## Overview

## Strong Economic Growth

## Sustainable Fiscal Policy

## Prudent Public Debt Management

## EU Funds Absorption

### Pro EU and NATO

- All major political parties in Romania are officially committed to EU and NATO membership
- No extremist parties are popular in Romania
- Romania hosts a permanent NATO base and is part of the US Missile Defense Shield in Eastern Europe

### Exposure to Brexit

- The Brexit process has had limited negative impact so far on Romania, the initial volatility subsiding over time
- Uncertainty about the Brexit effects still remain, but exposure to UK economy is relatively limited, compared to other EU Member States

### Russia and Ukraine

- Trade relationships with Ukraine – small share in total foreign trade (less than 1%)
- Limited dependence on gas imports from Russia, since Romania is able to cover a large share of its gas consumption from domestic sources
- Very limited Russian presence in metallurgy, iron and steel and oil refining sectors
- No credit institutions with Russian or Ukrainian shareholding

### Oil Prices

- The rise in oil prices will have a negative, but limited effect

### Migrant Crisis

- Romania is not on the main Balkan immigration route and the effects from Middle Eastern / African immigration flows have been limited

# Nominal Convergence Criteria

Overview

Strong Economic Growth

Sustainable Fiscal Policy

Prudent Public Debt Management

EU Funds Absorption

Convergence Criteria	Maastricht Requirements	Romania
Inflation rate (HICP) (%, annual average)	$\leq 1.5$ pp above 0.5% the average of the three best-performing EU Member States <sup>(1)</sup>	4.0% (November 2018)
General government deficit (% of GDP) <sup>(2)</sup>	$\leq 3\%$	3.0%
Government debt (% of GDP) <sup>(3)</sup>	$\leq 60\%$	35.1%
Exchange rate vs the euro <sup>(4)</sup> (2-year maximum percentage change)	$\pm 15\%$	+3.4 / -0.6% (December 2018)
Long-term interest rates (% p.a., annual average)	$\leq 2$ pp above the average of the three best-performing EU Member States in terms of price stability (2.6% at November 2018) <sup>(5)</sup>	4.8% (November 2018)

(1) The reference value for December 2017 was calculated by NCSP taking into account Cyprus, Greece and Ireland, based on Eurostat data.

(2) EDP October 2018, ESA 2010 methodology, Eurostat statistical data

(3) As of end of 2017. MofPF: [http://discutii.mfinante.ro/static/10/Mfp/buletin/executii/EvdatorieguvconformUEenglezadec2017\\_02052018.pdf](http://discutii.mfinante.ro/static/10/Mfp/buletin/executii/EvdatorieguvconformUEenglezadec2017_02052018.pdf)

(4) The reference value for December 2018 was calculated by NCSP, based on Eurostat data. Maximum percentage deviations of the bilateral exchange rate against the euro from its December 2016 average level in January 2017 to December 2018 based on daily data at business frequency. An upward / downward deviation implies that the currency was stronger / weaker than the average exchange rate in December 2016.

(5) The reference value for November 2018 was calculated by NCSP taking into account Cyprus, Greece and Ireland, based on Eurostat data.

# Fiscal Policy

# 2018 Budget: Overview and Key Assumptions

Overview

Strong Economic Growth

**Sustainable Fiscal Policy**

Prudent Public Debt Management

EU Funds Absorption

- The major budget priorities: health, education and infrastructure, to benefit from significant additional investment, but also from improving quality in health and education, including through incentive wages
- Investments will represent alongside consumption the main engines to reach the economic growth target of 5.5% in 2018
- In 2018 the public investment expenditures are expected to reach RON 38.5 billion, i.e. 4.2% of GDP
- In the 2018 Budget, European funds of RON 28.4 billion are expected to be attracted

*The 2018 budget was built assuming a cash deficit of 2.97% of GDP (ESA deficit of 2.96% of GDP)*

Macroeconomic Assumptions for the 2018 Budget	2018 Initial	2018 Budget revision
GDP (RON billion)	907.9	949.6
<b>Real Growth Rate (%)</b>	<b>5.5</b>	<b>4.5</b>
Average exchange rate RON / EUR	4.55	4.65
Inflation / annual average (%)	3.1	4.7
Average number of employees ('000s)	5,138	5,138
No. of unemployed persons registered as at the end of year ('000s)	347	310
- Rate of registered unemployment (%)	3.8	3.5
Gross average salary (RON / month)	4,162	4,385
Goods exports – growth rate (%)	7.6	9.0
Goods imports – growth rate (%)	8.7	9.7
■ By the second amending of the budget, the revenues of the general consolidated budget increased by RON 229 million and the expenditures by RON 366 million, resulting in a growth of the cash deficit in the absolute value of RON 137 million, while maintaining the share in GDP at 2.97% as in the original planning and the first amending of the budget (the GDP share of the deficit remained at the same level as the initial budgetary planning due to the increase of the projected nominal GDP for 2018 compared to the initial budget).		

Overview

Strong Economic Growth

**Sustainable Fiscal Policy**

Prudent Public Debt Management

EU Funds Absorption

## Revenue Measures

- Introduce a mandatory VAT collection mechanism (split VAT) for companies in insolvency and with overdue payments to the budget and optional for the rest of the companies;
- Reduce the income tax rate from 16% to 10%;
- Reduce the total share of mandatory social contributions, by a total of 2 percentage points, from 39.25% to 37.25%;
- Reduce the number of social contributions from 9 to 3;
- Transfer the tax burden of mandatory social contributions payable by the employer to the employee on salaries and salary income;
- Reduce the transfer rate to the second pension pillar to 3.75%.
- Set a 2.25% employment insurance contribution for employers with respect to salary and wage income;

## Expenditure Measures

- Implementation of the Unified Wage Law on the remuneration of staff paid out of public funds;
- Provision of vacation vouchers in the amount of RON 1,450 per employee in the period of July 1st 2017 – November 30th 2018;
- Minimum monthly salary of RON 1,900 as of January 1st 2018 from RON 1,450;
- The social allowance for pensioners will be RON 640 between July 1st and December 31st 2018;
- The value of the pension point of RON 1,100 as of July 1st 2018;
- Measures to limit spending;

## 2018 Budget Execution – Deficit of 2.88% of GDP

- Revenues to the general consolidated budget, in the amount of RON 295.1 billion (31.1% of GDP), increased by 17.2% in nominal terms compared to the same period of last year
  - Increases in the collection of: social security contributions (+36.8%), non-fiscal taxes (+24.0%) and excises (+7.2%);
  - The collection of VAT increased by 11.3% as compared to the same period of last year.
- The expenditures of the general consolidated budget, in the amount of RON 322.4 billion (34.0% of GDP), increased in nominal terms by 16.8% YoY compared to the same period of last year
  - Personnel expenditure increased by 23.7%;
  - Goods and services expenditures increased by 9.8%, while the expenditure for social assistance increased by 9.5%;
  - Investment expenditure amounted to RON 34.2 billion, 27.9% more as compared to the same period of last year.

# 2019 Budget: Overview and Key Assumptions

## Sovereign Debt Risk Management Targets

	Parameters <sup>(1)</sup>	Levels as of November 2018 <sup>(2)</sup>	Levels as of December 31, 2017	Indicative Targeted Min / Max Ranges (2018–2020)
<b>Currency Risk</b>	■ Share of domestic currency debt, % of total	48.0	46.5	45–60
	■ Share of EUR debt out of total foreign-currency denominated debt, %	82.0	84.0	80–95
<b>Refinancing Risk</b>	■ Debt maturing in one year, % of total	14.0	12.0	10–20
	■ Local currency debt maturing in one year, % of total	17.0	18.0	15–25
	■ ATM <sup>(3)</sup> for total debt, years	6.4	5.9	5.5–7.0
	■ ATM <sup>(3)</sup> for local currency debt, years	4.1	3.7	3.5–5.0
<b>Interest Rate Risk</b>	■ Debt re-fixing in one year, % of total	16.0	15.0	10–20
	■ Local currency debt re-fixing in one year, % of total	15.0	17.0	15–25
	■ ATR <sup>(4)</sup> for total debt, years	6.4	5.9	5.5–7.0
	■ ATR <sup>(4)</sup> for local currency debt, years	4.0	3.7	3.5–5.0

## Objectives of the Debt Management Strategy

- Cover funding needs of the central government, while minimizing medium and long term debt costs
- Limit risks for the government public debt portfolio
- Develop the domestic market for government securities

## Strategic Guidelines During 2018–2020

- Pursue policy of favoring local currency net financing to develop the domestic debt market and mitigate foreign currency exposure
- Smoothing redemption profile
- Foreign currency buffer to mitigate refinancing and liquidity risks
- Keep presence on the euro market, mainly in EUR and access to US dollar market or other foreign currency markets on an opportunistic basis
- External financing will be contracted mainly in EUR
- The issuance of domestic government securities in EUR can be considered only under the circumstances of reimbursement/refinancing of similar instruments
- Monitor exposure to interest rate risk by maintaining under control the share of domestic debt re-fixing within the next year and ATR for the total portfolio
- Continue the use of financing instruments offered by international financial institutions to benefit from favorable terms and conditions

(1) Relates to government public debt according to national legislation excluding the General Current Account; (2) Risk indicators presented are calculated for public government debt according to national legislation, excluding loans from availabilities of the State treasury account (temporary financing), in line with the limits established in the Debt Management Strategy 2018–2020; (3) ATM – average time to maturity; (4) ATR – average time to re-fixing.

- To assure the highest level of absorption, Romania implemented structural measures:
  - Strengthening and improving of the monitoring at the level of large infrastructure projects in order to speed up implementation
  - Active promotion by the Government of the alternative use of EU funds, through similar projects
  - Further reallocation among priority goals of various programmes
  - Increase the administrative capacity of programming departments through the use of European Investment Bank expertise
  - Extending the categories of eligible expenditures, allowing the reimbursement for expenditure already realised under the approved projects
  - Phasing of projects between the 2007–2013 and the 2014–2020 programming periods

Note: The final absorption rate can be calculated after the acceptance by the EC of the final documents for closure, that were submitted by the Member States up to March 31, 2017.

- Cohesion funds are aimed at reducing disparities between the various regions and the lags of the least-favoured regions;
- Aside from cohesion funds, during the 2014–2020 period, Romania has additional available financings of approx. EUR 20bn, under the Common Agricultural Policy;
- At the end of December 2018, the total amounts received from the European Commission, pre-financing and reimbursements related to the operational programs financed by the FESI and FEAD (POAD), are at approx. EUR 8 billion, which means approx. 26% of the EU allocation for these programs (about EUR 31 billion).

## Increased Focus on Controls

- **Performance Oriented:** There is a monitoring framework, including milestones and specific targets corresponding to each operational programme
  - Their completion will be verified in 2018 and 2022
- **Improving efficiency of EU funds spending:** the EC is putting in place performance reserves in amounts ranging between 5 and 7 percent of (most of) the allocations under each priority within the operational programmes
  - The performance reserve amounts will be released subject to the achievement of the milestones set for 2018
- **Ex-ante conditionalities** to ensure the conditions for effective cohesion policy investments and predictability of national sectorial policies

**The impact of EU Funds on the Romanian economy is set to increase given Romania's strides in improving EU fund absorption and the increased focus on European Commission Control**

*Note: The 2014–2020 allocations for Technical Assistance, Large Infrastructure and Regional Operational OP's was modified due to the financial reallocations between the programmes.*

\* The OP for SME's Initiative was included in the OP Regional by EC approval from 16.10.2018.

**Thank you!**
